

Terms and Conditions of Purchase of YAMAICHI ELECTRONICS Deutschland GmbH and of YAMAICHI ELECTRONICS Deutschland Manufacturing GmbH – Edition 10/2015

Applicable to business transactions with companies, legal entities under public law and special funds under public law (supplier).

1. General

Our Terms and Conditions of Purchase apply exclusively; general business terms and conditions of the supplier conflicting with or deviating from our Terms and Conditions of Purchase are only recognized insofar as we expressly agreed to them in writing. Acceptance or payment of goods and services from the supplier (hereinafter referred to as Products) does not constitute an agreement.

2. Conclusion of and Modifications to the Contract

2.1 Orders, contracts and order releases as well as modifications and supplements thereto must be placed and made in writing.

2.2 Oral agreements of any kind – including subsequent modifications and supplements to our Terms and Conditions of Purchase – must be confirmed by us in writing to become effective.

2.3 The written form requirement is also deemed complied with if communications are sent by remote data transmission or facsimile transmission.

2.4 Cost estimates are binding and are not to be compensated unless other-wise expressly agreed.

2.5 We are entitled to cancel the order if the supplier does not accept the order within one week of receipt thereof.

2.6 Order releases within the framework of order and order release planning become binding if the supplier does not object within two working days of receipt thereof.

2.7. The Technical Supply Agreement (Technische Lieferbedingungen) of YAMAICHI ELECTRONICS are an integral part of the contract, if relevant.

3. Delivery

3.1 Deliveries deviating from our contracts and orders are only admissible if given our prior written approval.

3.2 Agreed periods and dates are binding. Punctual compliance with the delivery periods and delivery dates is determined by the date of receipt of the goods by us. Unless delivery “free at factory gate (frei Werk/ DAP or DDP Incoterms 2010)” is agreed, the supplier shall make the goods available in good time, taking account of the time for loading and shipment to be agreed with the forwarder.

3.3 If the supplier is responsible for set-up or installation and unless other-wise agreed, the supplier shall bear all the necessary incidental costs such as travel expenses, provision of tools and daily allowances, subject to the reservation of divergent regulations.

3.4 The provisions of statute shall apply if agreed dates are not met. If the supplier anticipates difficulties with respect to production, the supply of precursor material, compliance with the delivery period or similar circumstances that could interfere with supplier’s ability to deliver punctually or to deliver the agreed quality, the supplier must immediately notify our ordering department.

3.5 The unconditional acceptance of a delayed delivery or service does not constitute a waiver of claims to which we are entitled due to the delayed delivery or service; this applies pending full payment of the amounts owed by us for the delivery or service in question.

3.6 Partial deliveries are inadmissible in principle unless we expressly agreed to them or can reasonably be expected to accept them.

3.7 The values established by us during the incoming goods inspection shall determine the quantities, weights and measurements subject to the reservation of different values being proved.

3.8 We have the right to use software belonging to the scope of delivery, including the software documentation, to a legally permissible extent (§§ 69a ff. UrhG [German Copyright Act]).

3.9 We also have the right to use such software, including the software documentation, with the agreed performance characteristics and to the extent necessary for the use of the product in accordance with the agreement. We also have the right to make a backup copy even without an express agreement.

4. Force Majeure

4.1 Acts of God, operational disturbances without fault, unrest, governmental measures and other unavoidable events discharge us from our obligation to take punctual delivery for the duration of such event. During such events and for a two week period thereafter we are entitled – notwithstanding our other rights – to withdraw from the contract in whole or in part, provided that such events are not of inconsiderable duration and our requirements are considerably reduced as the goods have to be procured elsewhere as a result thereof.

4.2 The provisions of paragraph 4.1 above also apply in the case of labour disputes.

5. Advice of Dispatch and Invoice

The details in our orders and order releases shall apply. An invoice showing the invoice number and other allocation references is to be sent in one copy to the respective printed mailing address; the invoice must not be enclosed with the shipments.

6. Pricing and Passing of Risk

Unless otherwise agreed, the prices are “Delivered at Place” (DAP Inco-terms 2010) including packaging. Value added tax (VAT) is not included. The supplier bears all risks of loss or of damage to the goods until the goods are received by us or by our representative at the location to which the goods are to be delivered in accordance with the contract.

7. Payment Terms

Unless otherwise agreed, the invoice shall be paid either within 14 days subject to deduction of a 2 % discount or within 30 days without any deduction, with effect from the due date of payment and receipt of both the invoice and the goods or performance of the service. Payment is subject to invoice verification.

8. Claims Based on Defects

8.1 Acceptance is effected subject to the reservation of an examination for faultlessness, in particular also including accuracy and completeness, insofar and as soon as this is pertinent in the ordinary course of business. We will give notice of any defects found without undue delay after their discovery. To this extent the supplier waives the objection to delayed notification of defects.

8.2 The provisions of statute relating to defects as to quality and defects of title apply except insofar as otherwise provided herein below.

8.3 In principle we have the right to select the type of supplementary performance. The supplier may refuse the type of supplementary performance we selected if it is only possible at disproportionate expense.

8.4 In the event that the supplier does not commence rectifying the defect immediately after our request to remedy it, in urgent cases, especially to ward off acute danger or to prevent greater damage, we are entitled to undertake such rectification ourselves or to have it undertaken by a third party at the expense of the supplier.

8.5 In case of defects of title, the supplier shall also hold us harmless from any third party claims possibly existing, unless the supplier is not accountable for the defect of title.

8.6 The limitation period for claims based on defects is 3 years – except in cases of fraudulent misrepresentation – unless the thing has been used in a building construction in accordance with its customary use and caused the defectiveness thereof. The limitation period commences when the Product is delivered (passing of risk).

8.7 If the supplier performs its obligation to effect supplementary performance by supplying a substitute product, the statute of limitations of the goods delivered in substitution shall start to run anew after delivery thereof unless, when effecting the supplementary performance, the supplier explicitly and appropriately made the reservation that the substitute delivery was effected purely as good will, to avoid disputes or in the interests of continuation of the delivery relationship.

8.8 Should we incur expenses as a result of the defective delivery of the Product, in particular transport, carriage, labor costs, assembly and disassembly costs, costs of material or costs of incoming goods control exceeding the normal scope of the control, such costs shall be borne by the supplier.

9. Product Liability and Recall

9.1 In the event a product liability claim is asserted against us, the supplier is obliged to hold us harmless from such claims if and to the extent the damage was caused by a defect in the Product supplied by the supplier. In cases of liability based on fault, this only applies, however, if the supplier is at fault. Insofar as the cause of the damage falls within the area of responsibility of the supplier, the supplier must prove that it is not at fault.

9.2 In the cases of paragraph 9.1 above, the supplier assumes all costs and expenses, including the costs of any legal action.

9.3 In all other respects the provisions of statute shall apply.

9.4 Prior to any recall action which is partially or wholly due to a defect in a Product supplied by the supplier, we shall notify the supplier, give the supplier the opportunity to collaborate and discuss with the supplier the efficient conduct of the recall action, unless no notification of or collaboration by the supplier is possible on account of the particular urgency. The costs of the recall action shall be borne by the supplier insofar as a recall action is due to a defect in a Product supplied by the supplier.

10. Rights of Withdrawal and Termination

10.1 In addition to the statutory rights of rescission we have the right to withdraw from or terminate the contract with immediate effect if

- the supplier has stopped supplying its customers,
- there is or threatens to be a fundamental deterioration to the financial circumstances of the supplier and as a result of this the performance of a supply obligation to us is in jeopardy,
- the supplier meets the criteria for insolvency or over-indebtedness, or
- the supplier stops making its payments.

10.2 We also have the right to withdraw from or terminate the contract if the supplier files an application for insolvency or comparable debt settlement proceedings to be initiated with respect to its assets.

10.3 If the supplier rendered part performance, we only have the right to cancel the whole contract if we have no interest in the part performance.

10.4 If we withdraw from or terminate the contract by virtue of the foregoing contractual rescission rights or respective termination rights, then the supplier must compensate us for the loss or damage incurred as a result, unless the supplier was not responsible for the rights arising to withdraw from or terminate the contract.

10.5 Statutory rights and claims shall not be limited by the regulations included in this Section 10.

11. Conducting Work

The liability for accidents suffered by these persons on our factory premises is excluded except to the extent caused by willful or gross negligent breach of duty by our legal representatives or persons employed in the performance of our obligations.

12. Provision of Materials

Materials, parts, containers and special packaging provided by us remain our property. These may only be used as designated. The materials are processed and parts assembled for us. It is agreed that we are co-owner of the products manufactured with our materials and parts in proportion to the value of the materials or parts provided in relation to the value of the whole product; such products shall be kept safe for us by the supplier to this extent.

13. Documentation and Confidentiality

13.1 The supplier shall keep confidential with respect to third parties all business and technical information made available by us (including features which may be derived from objects, documents or software provided and any other knowledge or experience) as long and to the extent that it is not proven public knowledge, and it may only be made available to those persons in the supplier's business facility who necessarily need to be involved in the use thereof for the purpose of delivery to us and who are also committed to confidentiality; the information remains our exclusive property. Without our prior written consent, such information must not be duplicated or exploited commercially – except for

deliveries to us. At our request, all information originating from us (if appropriate also including any copies or records made) and loaned items must be, without undue delay, returned to us in full or destroyed.

We reserve all rights to such information (including copyright and the right to file for industrial property rights such as patents, utility models etc.). In the event this is provided to us by third parties, the reservation of rights also applies for the benefit of such third parties.

13.2 Products manufactured on the basis of documentation drafted by us such as drawings, models and the like, or based on our confidential information, or manufactured with our tools or with tools modeled on our tools, may neither be used by the supplier itself nor offered or supplied to third parties. This also applies analogously to our print orders.

14. Export Control and Customs

14.1 The supplier shall be obliged to inform us about any applicable (re-) ex-port licence requirements for the Products under German, European or US export control law and customs regulations as well as the export control law and customs regulations of the country of origin of the Products. Therefore, at least in his offers, order confirmations and invoices the supplier shall provide the following information with respect to the Products:

- export list number (*Ausfuhrlistennummer*) pursuant to Annex AL to the German Foreign Trade and Payments Regulation (*Außenwirtschaftsverordnung*) or any comparable export list information of applicable export lists;
- ECCN (*Export Control Classification Number*) for US-goods (including technology and software) pursuant to the US Export Administration Regulations (*EAR*);
- country of origin of the Products and of the components thereof, including technology and software;
- any transport of the Products through USA, manufacture or stocking of the Products in the USA and whether the Products have been manufactured by using US technology;
- HS-Code of the Products; and
- a contact person in his organisation to provide further information to us upon request.

Upon our request the supplier shall provide any other foreign trade data with respect to the Products and their components in written form and shall inform us on all changes to such data without undue delay and prior to supply to us.

14.2. The fulfilment of the contract is under the reservation of there being no obstacles to it due to national or international regulations with regard to foreign trade law as well as there being no embargos and/or other sanctions opposing it.

In this regard, the supplier guarantees to refrain from doing any business

- (a) with any persons, organisations or institutions that are on a sanction list under national banning lists, EU regulations or US export regulations;
- (b) with embargo states that are forbidden;
- (c) for which the required permit is not available or not applicable;
- (d) that are in any way related to the support, development, production or usage of chemical, biological or nuclear weapons of mass destruction.

Furthermore, the supplier guarantees that he and, respectively, his employees and/or his suppliers are not on any US-American, European or national banning lists (e.g.: "Entity List", "Denied Persons List", "Specifically Designated Nationals and Blocked Persons") and that he/they is/are not in any way related to the support, development, production or usage of chemical, biological or nuclear weapons of mass destruction.

Should the supplier infringe on this guarantee and a contract has already been concluded, we are not obligated to fulfil the contract. Additionally, we have the right to withdraw from the contract or terminate the contract with immediate effect. Furthermore, the supplier is obligated to reimburse us for any and all damage including expenses that result from an infringement on this guarantee; in this regard the supplier indemnifies us from third party claims.

Should the supplier infringe on this guarantee and a contract has not yet been concluded, our offer shall be deemed retracted retroactively with immediate effect. We are not obligated to conclude a contract. In addition, the supplier is obligated to reimburse us for any and all damage including expenses that

result from an infringement on this guarantee; in this regard the supplier indemnifies us from third party claims.”

15. Compliance

15.1 The supplier shall comply with the respective statutory provisions governing the treatment of employees, environmental protection and health and safety at work and to work on reducing the adverse effects of its activities on human beings and the environment. Further, the supplier shall comply with the principles of the UN Global Compact Initiative relating basically to the protection of international human rights, the right to collective bargaining, the abolition of forced labour and child labor, the elimination of discrimination when personnel is engaged and employed, the responsibility for the environment and the prevention of corruption. Further information on the UN Global Compact Initiative is available at: www.unglobalcompact.org.

15.2 In the event that a supplier repeatedly violates the law and/or violates the law despite being given respective advice, and fails to evidence that the violation of the law has been cured as far as possible and that appropriate precautions have been taken to avoid violations of the law in future, we reserve the right to terminate or withdraw from existing contracts with-out notice.

16. Place of Performance

The place of performance is the place to which the goods are to be delivered in accordance with the contract or where the service is to be rendered.

17. Miscellaneous

17.1 If one of the provisions of these Terms and Conditions and of additional agreements reached should be or become ineffective, this shall not affect the validity of the Terms and Conditions in other respects. The parties hereto are obliged to agree upon a provision to replace the ineffective provision that approximates as closely as possible the economic intent of the ineffective provision.

17.2 The contractual relationships shall be governed exclusively by German law excluding the conflict of law provisions and the UN Convention on Contracts for the International Sale of Goods (CISG).

17.3 The venue for all legal disputes arising either directly or indirectly out of contractual relationships based on these Terms and Conditions of Purchase shall be Munich. We further have the right to take legal action against the supplier at a court with jurisdiction over the registered office or branch office of the supplier or at the court with jurisdiction over the place of performance at our discretion.
